

Hazardous Materials Training

Safety Specialists Inc.

Who needs training?

All employees who directly affect hazardous materials transportation safety.

Safety Specialists also offers customized onsite training. Contact us for details!

When to train?

Initial training within 90 days of hire.

Recurrent training must occur every 3 years or when job function changes.

Why train?

Training is required by law. Civil penalties could result in fines up to \$55,000 per violation.

Location: All seminars to be held at County Inn and Suites Matthews, NC -704-846-8000

Time: 8:30 am to 4:30 pm

Tuition includes: Seminar Workbook, 49 CFR, North American Emergency Response Guidebook, Training Certificate, HazmatHelp™ Support Center and Lunch

Cancellation policy: \$50.00 service charge for cancellations less than 7 days prior to the seminar. No shows will be responsible for the full amount.

Substitutions are accepted.

- ◆ Learn to use the 49 CFR Hazardous Materials Regulations
- ◆ Demonstrate how to properly package, mark and label **your** products
- ◆ See how to prepare shipping papers for **your** products
- ◆ DOT required safety and security training is included.
- ◆ Explain carrier specific requirements including UPS & FedEx Ground
- ◆ Hands-on practical exercises on pertinent topics included
- ◆ Keeping up to date with regulatory changes

IATA Air Dangerous Goods Training

- ◆ Learn how to use the IATA Dangerous Goods Regulations
- ◆ See how to properly package, label, and mark **your** products
- ◆ Learn how to prepare dangerous goods declarations for **your** products
- ◆ Complete hands on practical exercises in packaging, marking, labeling & documentation
- ◆ Cover the unique rules and challenges of air transportation
- ◆ Review the 2010 regulatory changes effective Jan. 1, 2010
- ◆ Upcoming packaging instruction changes effective Jan. 1, 2011

IMDG Ocean Dangerous Goods Training

- ◆ Learn how to use the IMDG Code
- ◆ Guidance on proper packaging, marking and labeling of **your** products for ocean transportation
- ◆ See how to prepare dangerous goods declarations for **your** products
- ◆ Do practical exercises on pertinent topics
- ◆ Explain unique ocean dangerous goods transportation requirements
- ◆ Explain the relationship between US DOT and IMDG regulations

Class Size Is Limited So Register Today! Register by Phone or Fax.

If you need initial IATA or IMDG training, please call.
